All participants in the OYAA Recreational Basketball Program are **expected** to attend and participate in the OYAA Basketball Clinics. Please make every effort to see that your child attends the clinic sessions. These clinics are sponsored by the three High School's Girls and Boys Varsity Basketball programs and are part of your registration fee. In addition to being a good learning experience, each player is evaluated at the clinics - these evaluations are used in team formation in an effort to balance the teams for league play at each grade level.
